

Reading Fiscal Notes (1 of 3)

Bill number

XB 18-XXXX

Bill Status. Denotes the last committee or floor action for which the fiscal note was prepared or updated. Fiscal notes are primarily updated when an amendment changes the fiscal impact. For final fiscal notes, the bill status indicates the bill's final outcome.

Summary of Fiscal Impact. Checked boxes indicate the type of fiscal impact. Fiscal notes that have no fiscal impact do not include the check boxes. The narrative text below the check boxes briefly describes the bill, its impacts to state and local governments, and whether the impacts are one-time or ongoing.

Appropriation Summary. Indicates the appropriation that the bill requires. It does not include any centrally appropriated costs, and will say "No appropriation is required" if one is not required.

Fiscal Note Status. Indicates what version of the bill the fiscal note was prepared for, or special circumstances related to the bill. For example, it may indicate whether it is a preliminary fiscal note or a fiscal note on demand, and whether it was prepared for a SEBEC amendment, an interim committee bill, or a JBC bill.

State Fiscal Impact Table. Generally includes two fiscal years, may include more as applicable. If the bill has no fiscal impact, a minimal impact to state revenue and/or expenditures, or a local or statutory public entity fiscal impact only, the table will be removed.

Revenue/Expenditures/Transfers. Cash Funds and/or General Fund will be listed as applicable but, in most cases, will not include the specific cash fund(s) name, with exceptions for the Capital Construction Fund, the Highway Users Tax Fund, and the State Education Fund.

Centrally Appropriated. Reflect employee insurance and supplemental retirement payments, and may include indirect costs and leased space depending on the department. These costs are appropriated through the annual budget process and are not included in the appropriation required by the bill.

TABOR Refund. During a TABOR refund period, a row will be added to the table indicating how revenue in the bill affects the projected TABOR refund obligation.

Total FTE. New position changes required by the bill.

Variations. See page 3 for an example of a State Fiscal Impact Table for a sunset bill that continues a program scheduled to repeal.

Summary of Legislation. The bill summary highlights the key provisions of the bill, with special attention to the fiscal impact drivers.

Summary of Legislation

Background. Provides any background information needed to understand the bill and its fiscal impacts.

Background

Assumptions. An assumptions section may be included here if assumptions are the same for both revenue and expenditures, otherwise assumptions are discussed separately in the State Revenue and/or State Expenditures sections.

Assumptions

Comparable Crime. If the bill creates a new crime, changes the classification of an existing crime, or changes an element of the existing crime that creates a new factual basis for the offense, this section provides convictions and offender data for similar offenses, as required by statute.

Comparable Crimes

State Revenue. Outlines changes to state revenue from taxes and fees by fiscal year, agency impacted, and fund source.

State Revenue

Fee impact. Includes the fee impact of the bill in any fiscal note that changes a fee, as required by statute.

TABOR Refund

TABOR Refund. Included if there is a State Revenue section in the fiscal note. Indicates the impact of the revenue change on a potential TABOR refund obligation.

State Transfers

State Transfers. Lists any transfers or diversions of funds that are required by the bill; includes fiscal year, the amount transferred, and the funds involved in the transfer. Transfers do not affect total revenue received by the state.

State Expenditures

State Expenditures. Outlines changes to state spending by fiscal year, agency impacted, and fund source. An expenditure table is often included to list costs under the bill. Further explanation of each expenditure is provided under this table, typically in the same order as presented in the table.

Centrally appropriated costs. Typically reflect employee insurance and supplemental retirement payments, and indirect costs depending on the department. These costs are appropriated through the annual budget process and are not included in the appropriation required by the bill.

* Centrally appropriated costs are not included in the bill's appropriation.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are estimated to be XXXX in FY 2018-19 and XXXX in FY 2019-20.

Technical Note. Outlines any technical issue with the bill that impacts the fiscal note.

Local Government Impact (School District Impact) (Statutory Public Entity Impact)

Technical Note

State Appropriations. Lists the appropriation and reappropriation required by the bill. Any appropriation does not include centrally appropriated costs.

Effective Date

Departmental Difference. If a department disagrees with the analysis in the fiscal note, this section states the department's estimate and outlines differences in assumptions between the department's analysis and the analysis in the fiscal note.

Sunset Bills

For bills that continue a program following a sunset review, Table 1 on the first page is split into two separate sections – New Impacts and Continuing Program Impacts.

The New Impacts section reflects only new costs driven by changes the bill makes to the program.

The Continuing Program Impacts section shows the impact of continuing the program scheduled for repeal. The Continuing Program Impacts will end if the bill is not passed and a program is allowed to repeal after the end of the one-year wind-down period following the sunset review.

The sum of the New Impacts and the Continuing Program Impacts for a given fiscal year represents the total change from current law if the bill is passed.

Table 1
State Fiscal Impacts Under SB 18-216

New Impacts*		FY 2018-19	FY 2019-20
Revenue	Cash Funds		
	Total		
Expenditures	Cash Funds

	Total FTE		
Continuing Program Impacts*		FY 2018-19	FY 2019-20
Revenue	Cash Funds		
	Total		
Expenditures	Cash Funds		
	Total		
	Total FTE		

* Table 1 shows the new impacts resulting from changes to the program under the bill and the continuing impacts from extending the program beyond its current repeal date. The continuing program impacts will end if the bill is not passed and the program is allowed to repeal.
