

February 10<sup>th</sup>, 2020

Members of the Energy and Environment Committee,

**I ASK FOR YOUR YES VOTE on HB1126, CONCERNING A REQUIREMENT THAT THE STATE APPROVE AN OIL AND GAS PERMIT TO DRILL THAT HAS BEEN APPROVED BY A LOCAL GOVERNMENT.**

SB181 passed last year on the promise of local control but that promise has not been fulfilled and Colorado businesses and families are hurting. The bill specifies that if a local government pursuant to its land use authority approves an oil and gas siting application, the Colorado Oil and Gas Commission will approve in a timely fashion.

We the people do not accept the current state of affairs with delayed permits that have cost us Colorado businesses and jobs. Pass HB1126 today!

**I support jobs and U.S. and Colorado Energy Independence and demand Colorado lawmakers do the same!**

**Signed: D. Westover**

**4323 16h Street Road, Greeley, CO, 80634**

**I ASK FOR YOUR YES VOTE on HB1126, CONCERNING A REQUIREMENT THAT THE STATE APPROVE AN OIL AND GAS PERMIT TO DRILL THAT HAS BEEN APPROVED BY A LOCAL GOVERNMENT.**

SB181 passed last year on the promise of local control but that promise has not been fulfilled and Colorado businesses and families are hurting. The bill specifies that if a local government pursuant to its land use authority approves an oil and gas siting application, the Colorado Oil and Gas Commission will approve in a timely fashion.

We the people do not accept the current state of affairs with delayed permits that have cost us Colorado businesses and jobs. Pass HB1126 today!

**I support jobs and U.S. and Colorado Energy Independence  
and demand Colorado lawmakers do the same!**

**Signed: C. Hardgrave**

**22511 WCR 72, Colorado**
