COLORADO
Department of Agriculture

Gate 5 Security Office

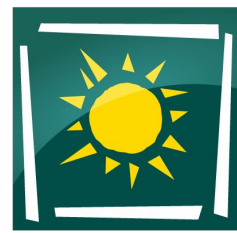

- Will add 1380 sq ft for a Permanent Ticketing Office and Public Safety/Security Building
- Will provide better customer service and enhance safety for over a half a million visitors to the fair each year
- Facilities will be utilized year round
- Will move activities from the old security/finance building to make way for the new multipurpose Livestock Facility

Colorado State Fair

The finest depictions of Colorado's agriculture come to CDA by those who work in this field and those who appreciate it.

For more than two decades, the Department of Agriculture has been sharing images taken by photographers of all skill levels submitted through our yearly **Best in Show** photography contest.
